

ACCOUNTING, CERTIFICATE

Note: Students should consider professional certification exams (CPA, CMA, CIA, CFM) after completing additional preparation and extensive review.

The Accounting Certificate program is designed to meet the needs of individuals who already hold a Bachelor's degree in another area, either in business with a concentration in another field or outside of business, and who now wish to acquire accounting competence. The certificate may be earned by regularly matriculated students who complete the following CSUDH courses, or show evidence of having done so elsewhere, with a grade point average of no less than 2.5. At least four of the eight accounting curriculum courses must be taken at CSU Dominguez Hills.

Requirements
