

BUSINESS ADMINISTRATION, BACHELOR OF SCIENCE

Requirements

Total Course Requirements for the Bachelor's Degree

See the "Requirements for the Bachelor's Degree (<https://catalog.csudh.edu/general-information/baccalaureate-degrees-undergraduate-studies/>)" in the University Catalog for complete details on general degree requirements. A minimum of 40 units, including those required for the major, must be upper division.

Elective Requirements

Completion of elective courses (beyond the requirements listed below) to reach a total of a minimum of 120 units.

General Education Requirements (49 units)

See the "General Education (<https://catalog.csudh.edu/general-education/>)" requirements in the University Catalog or the Class Schedule for the most current information on General Education requirements and course offerings.

Graduation Writing Assessment Requirement

See the "Graduation Writing Assessment Requirement (<https://catalog.csudh.edu/general-information/baccalaureate-degrees-undergraduate-studies/gwar-certifying-courses/>)" in the University Catalog.

Minor Requirements

Single field major, no minor required.

Major Requirements (65-71 units)

Students must select a concentration. The following courses, or their approved transfer equivalents, are required of all candidates for this degree.

Because most Business Administration course work completed over ten years ago is outdated, students must consult with an advisor in the Student Advisement and Service Center to ascertain whether courses taken ten or more years ago will need to be repeated. The Associate Dean in the College of Business Administration and Public Policy may waive the requirement to repeat outdated course work if there is evidence that student knowledge is current. Such evidence may consist of recent successful completion of more advanced course work in the specific discipline or satisfactory completion of designated national examinations.

Admission Requirements

Admission to the Business Administration major requires completion of all lower division Business Administration core courses with minimum grades of "C". All new majors are classified as "pre-business majors" until the requirements are met. Upper division advanced and concentration courses are available only to "Business Administration" majors. Students should consult with an advisor in the Business Advisement Center for more information.

Prerequisites and Residency Unit Requirements

All business majors are required to complete at least 36 units of the major in residence, including at least 12 of these units in the

concentration and three units from MGT 490 Strategic Management Seminar.

Business Curriculum (44 units)

Students must complete all lower division core courses and satisfy the University's lower division English composition requirements (ENG 109 Freshman Composition I: Stretch 2, ENG 110 Freshman Composition Accelerated, or ENG 112 Freshman Composition Supported) and the General Education mathematics requirement prior to enrolling in upper division business courses. Students who do not successfully complete the lower division prerequisites will not be permitted to enroll in upper division courses.
