Vision

The Career Center will help students and alumni:

1. Develop self-advocacy, confidence, and stronger communication skills through their narrative and experiences.
2. Embrace the intersectionality of their identities and explore career as a lifelong journey and its importance.
3. Recognize how technology is evolving and impacts them in the workforce.
4. Discover key components of their career and professional development through engaging and memorable activities.

Mission

The Career Center cultivates a collaborative community for life-long career and professional development. We recognize students' personal narratives and experiences, and their value to the development of their career goals. We encourage students to discover their strengths and become more self-confident through challenging and meaningful opportunities. Together with students, alumni, and campus and employer partners, our hope is to support Toros in finding meaning and purpose in their career journey.
