

CAREER CENTER

Welch Hall, Room 200
Carson, CA 90747
Telephone: (310) 243-3625
Email: careercenter@csudh.edu

Vision

The Career Center will be recognized by the University and its constituents as a leading resource for career and professional development. We will provide innovative career opportunities to equip students for lifelong career development and prepare them for contributions to the global economy.

Mission

The Career Center fosters early career and professional development and believes that student empowerment is intrinsic to the development of career management skills. We recognize that career development is a life-long process, so we offer opportunities for both students and alumni to explore, discover, and make purposeful career-related decisions in order to become adept professionals and positive contributors to society. Additionally, we provide access to internships and employment opportunities to enhance the success of our students and alumni for whom we serve. Together with the University, we seek to transform students' experiences through preparation for the work of today and tomorrow.

Values

These values guide the development of our programs, services, strategic plans, and serve as a framework as we support the mission of the University.

- Knowledge
- Character
- Respect for Diversity
- Collaboration
- Innovation
- Accountability
- Social Responsibility

Student Learning Outcomes

By participating in Career Center programs, students will be able to:

1. Verbally communicate their professional experiences, skills, and accomplishments
2. Learn how to build and develop a resume
3. Demonstrate professional behaviors, such as dress and digital communication
