

PRE-ADMISSION DISCLOSURE FOR ACADEMIC PROGRAMS LEADING TO LICENSURE OR CREDENTIALING

College of Natural & Behavioral Sciences

- Psychology (<https://catalog.csudh.edu/program-learning-outcomes/natural-behavioral-sciences/psychology/>)

Admission into programs leading to licensure and credentialing does not guarantee that students will obtain a license or credential. Licensure and credentialing requirements are set by agencies that are not controlled by or affiliated with the CSU and requirements can change at any time. For example, licensure or credentialing requirements can include evidence of the right to work in the United States (e.g., social security number or tax payer identification number) or successfully passing a criminal background check. Students are responsible for determining whether they can meet licensure or credentialing requirements. The CSU will not refund tuition, fees, or any associated costs, to students who determine subsequent to admission that they cannot meet licensure or credentialing requirements.

The California State University has not determined whether its programs meets other states' educational or professional requirements for licensure and certification. Students enrolled in a California State University program who are planning to pursue licensure or certification in other states are responsible for determining whether they will meet their state's requirements for licensure or certification. This disclosure is made pursuant to 34 CFR §668 43(a)(5)(v)(C).

Information concerning licensure and credentialing requirements are available via the links below:

College of Education
